

Contributing to more transparent and inclusive electoral process through election observation mission for parliamentary elections 2024

Project name: Contributing to more transparent and inclusive electoral process through election observation mission for parliamentary elections 2024

Project duration: 02.2024 - 01.2025

Budget: 375 457 DKK

Donor organisation: New Democracy Fund (NDF)

Project goal: The primary goal of the project is to boost public awareness regarding the significance of the electoral process, with the potential to positively influence voter turnout and confidence. Furthermore, the project aims to foster improved coordination among mission staff and observers, empowering them to report irregularities effectively. As a result, the project will facilitate a more transparent and inclusive electoral process in Georgia. In addition, it will contribute to more inclusive political processes, increased accountability and legitimacy of state institutions and elected representatives. Lastly, the project will achieve more informed and active populations that are better able to hold government to account.
