The report discusses in details the the program for Rehabilitation of Historic Districts and Tourism Infrastructure in Batumi carried out by Batumi local self-government in 2009-2013. The projects funded in the framework of the Program, such as construction of Alphabetic Tower and Piazza Square, as well as Historic Fort and Opera House are submitted separately in the report. Important part of this report also addresses monuments with the status of cultural heritage in Batumi.

As a result of revealed facts it became evident that main trends and instances that took place in the period of implementing the Program for Rehabilitation of Historic Districts and Tourism Infrastructure in Batumi in 2009-2013 should become the interest of the State Audit Service.

In view of above, today, on October 8, 2013 GYLA applied officially to the State Audit Service for examination of the program for Rehabilitation of Historic Districts and Tourism Infrastructure in Batumi carried out by Batumi local self-government in 2009-2013.

GYLA is ready to submit copies of all official documents to the State Audit Service, if needed.
