Statement of the Civil Society of Georgia

Georgia has been openly invaded by Russian military forces. Cities and villages throughout Georgia are being bombed. Numerous of civilians are being killed, thousands of people are homeless, material damage to the country's infrastructure is devastating.

Georgian citizens are against war. We are being punished for our aspiration to become part of the democratic world. Today our choice to become part of the West is threatened. Russian aggression is a challenge to the international community as well.

საქართველოს ახალგაზრდა იურისტთა ასოციაცია GEORGIAN YOUNG LAWYERS' ASSOCIATION

We, the civil society organizations of Georgia call for:

- The World democratic community to take quick and effective measures to stop violence in Georgia;
- Armed forces of the Russian Federation to stop their intervention immediately and leave the territory of Georgia.

Every minute is critical for the lives of innocent civilians in Georgia.
